Negro Postmasters

There has not appeared in the northern Re-publican papers half as much comment as we had expected to see upon the act of the Atlanta people in burning in efficy the new postmister

at test place. It is to be hoped that the norther thining to flud out that they have the same New York, to allow a negro to be shaved

If the Darwinian doctrine be The negroes, the Indians, the Mongols tays, will all disappear as lower ant-

of his Cabinet shares with the President that feeling whose existance is indied by that remark. Mr. Blains would no like to see a negro postmaster at Portland. Mr. gro postmaster at St. Louis, Mr. Mrt. would like to see a negro postmaster

ejudice we speak of would not lead or The negroes will trust a southern or his grandson. The next day if he

Thomas W. McCance.

No better and purer man ever walked the streets of Richmond than Thomas W. McCanoz, whose death occurred yesterday, and no eulogy that could be passed upon him would measure up to the standard of the public's estimate of him as a citizen, a merchant, a gentleman, and vale through which a gentle stream wends us the hold is complete in its appointments. Large, alry rooms, comfortably furnished, attacking parters, and there is not a man, woman, or child here who knew him by reputation that did not respect him—not one who knew him personally that did not love him. Thomas W. McCance was one of the mest uncertainty of the many drankers who have tasted of the most of men, but nevertheless a leader of and a power among his fellow-disease in every movement having for its object the advance of the interests and the maintenance of the fair name of hichmond. His quiet but forceful finduence was always on the side of conserthe fair name of Richmond. His quiet but forceful influence was always on the side of conservatism and had swayed the conneils of the
poople into the path of safety in more
than one hour of sore trial. His whole
nature was antagonistic to the idea of seeking prominence in the affairs of the city,
but when duty called him he obeyed that
call no matter what sacrifice might be involved.
He was a man of broad views, of grantite intogrity, and charitable in thought and doed, and
could be depended upon to do that which was
right and just in any position in which he was
placed. He was an example to the young, the
peer of the noblest of his contemporaries in all

"If you lay me with my kindred placed. He was an example to the young, the peer of the noblest of his contemporaries in all that constitutes the good and public-spirited citizen, and trusted God with the sublime and un-questioning faith of a child. The life of such a

Bear me, dear ones, through my mountains—
Yonder, when the intrest bloom."

Leaving romance to its reveilers, we must not forget mounting might feel proud; his death is a triumph.

Forest Lands.

The Charleston (S. C.) News and Courier, in noticing the fact that several large tracts of forest land in that State have recently been sold to western lumber dealers at remarkably low prices, says:

Hold on to your forest lands! Northern and western capitalists would not come all the way to south Carolina to buy them unless there was "money in it," and if there is "money in it for us. It is said that "the flest thing about these lands "that strikes the prospective buyers who have "visited then is the romackably low price at "which they are held," and that the speculators "are also strack by the superior quality "and wenderful variety of the timber," We desire that the State shall be developed, but it Hold on to your forest lands! Northern and western capitalists would not come all the way to fouth Carolina to buy them unless there was "money in it," and if there is "money in it." for them there ought to be "mency in it." for us, it is said that "the first thing about these lands "that strikes the prospective buyers who have "visited them is the remarkably low price at "which they are held," and that the speculaiors "are also struck by the superior quality "and wenderful variety of the timber," We desire that the State shall be developed, but it would be a false economy to develop the Sinte at the expense of the people of the State. If our forest lands are worth having they are weeklingspring for.

at the State shall be developed, but it be a false economy to develop the State at a species of the people of the State. If our lands are worth having they are worth for.

I advice that might be pendered to adverted to be one of the most profitable of all a fact which, by the way, should in itself interest our land-awners in arboriculture.

In the state shall be developed, but it rainroad. The constantly subjected to analysis, the company having fitted up a laboratory and the profit is charge of Mn. T. P. Greenhow, a Petersburg of Mn. T. P. Greenhow, a Petersburg to be the owners of timber lands in Virtual and the owner of timber lands in Virtual and the owner of the most profitable of all a fact which, by the way, should in itself interest our land-awners in arboriculture.

The yield of from a good and the mental is of a slice grade. The capacity of the furnace is about 150 tons a day. About 350 operatives are new at work and more are needed. The consumption of coal and ockets 75 tons a day. The company finds a rainly find a rainly find a rainly find a rainly find and the company having fitted up a laboratory of the property of the property of the property of the property of the first property of the form of the property of the first property of the first

sumption of coal and coke is 7.5 ton's a day. The company fluds a ready sale for its products in the coastern markets.

The leading netwe spirit in this courprise is Mr. J. F. Whoeler, of Colombia, Ohlo, a goniteman of intelligence and push, to whom the guests of the springs are under imay obligations for courtesies extended them on visits to the furnises and mines. Virginians all are interested in this icing a speech of Professor MAHAPPY's, in which the latter criticised the Declaration of Inde-pendence, proceeds in turn to criticise the Proall wrong; that all men are not created free and equal." It will be news to the shade of JEP. Pauson to learn that that averment occurs in the Deciaration of Independence. Both our con-temporary and the Professor would probably do well to read the "Great Charter of American

To A. B. C .- We should have worded the se mee you quote as you suggest it ought to have the foot were at length eaten entirely away. The patient could not have servived much longer, but I commenced the use of Swift's Specific, and it cored her sound well. That was three
